PROFILE

Final-year Computer Engineering student with hands-on experience building full-stack web applications in real production environments. Skilled in REST API development, database-driven systems, and workflow automation using Next.js, ASP.NET Core, and Python. Experienced in leading software teams and cross-functional collaboration, with a focus on delivering practical and efficient solutions.

EXPERIENCE

HSA Enerji A.Ş (Energy Sector)

IT Department - Full-time Intern

Oct 2025 - Now

- Built a machine maintenance tracking desktop application (C#, WPF) for monitoring periodic maintenance activities and visualizing machine status in the production environment.
- Developed an Arduino + Python based production module counting system to automate module counting on the manufacturing line using sensors.
- Collaborated in a team project to develop a customer complaint management system (Next.js, ASP.NET) to streamline the internal resolution process of customer issues and improve coordination between departments.

Maxion Jantaş Jant Sanayi ve Ticaret A.Ş. (Maxion Wheels Turkey — Automotive Manufacturing)

IT Department - Intern

Jul 2025 - Aug 2025

- Independently designed and developed a Python Flask-based inventory tracking web application to digitize and centralize asset documentation for the IT department.
- Ensured accurate record-keeping of assigned company assets, improving document traceability and reducing manual tracking overhead.
- Contributed to system maintenance and troubleshooting tasks alongside the IT team.

IEEE MCBU Research & Development (University R&D Club)

Software Team Leader & Sponsorship Co-Leader

Nov 2022 - Oct 2023

- Software Team Lead: Organized sub-teams; enabled resource access.
- Co-Sponsorship Lead: Secured R&D sponsorships.

EDUCATION

Manisa Celal Bayar University - Computer Engineering (100% English)

2021 - Present

GPA: 3.25 / 4.0

Tarsus Şehit Halil Özdemir Science High School - High School Diploma

2016 - 2020

GPA: 93.6 / 100

SKILLS

- JavaScript, TypeScript, Python, C#
- React, Next.js, HTML, CSS, Tailwind CSS
- ASP.NET Core (.NET), Node.js, Flask, REST API Development
- PostgreSQL, MS SQL Server, Prisma ORM, Git, Scrum, Trello, VS Code

LANGUAGES

- English (B2)
- German (A1)

PROJECTS

GaDiLearn | Next.js, PostgreSQL, AI Integration (Graduation Project) Developed an AI-powered educational web platform enabling teachers, parents, and students to track academic progress, solve questions, and analyze subject performance.(You can access it via the Github link.)

ADDITIONAL

- Cevdet İnci Education Foundation — Merit-based Scholarship
- İnci Holding — Training & Personal Development Certificate
- LÖSEV | Volunteer (Social Responsibility Project)
